

Girls and Boys in Haiti need your help...and the time is now!

In the Mission Possible schools in Haiti, children are receiving a Christian education, evangelism, discipleship and nutritious meals. Even more importantly, their lives are being touched by the love of Jesus Christ.

Mission Possible currently receives half of the schools' lunch food from a governmental agency. Unfortunately, in June the agency will be discontinuing this program. At the same time, food prices have almost doubled in Haiti, leading to desperation, shortages, and rioting as many are struggling just to provide the most basic needs for their families. We are becoming more aware of the hunger crisis in our world and of Haitians desperate for relief from this daily struggle.

But now you can make a difference and provide a healthy school lunch that may be the only meal a child has to satisfy his hunger and strengthen him for the day through...
